

HOW TO ASSEMBLE

Multi-Purpose Mounting Stand

Step 1

Bring the triangle base up onto it's side. Line up the tube with the hole in the base. Screw the triangle base to the 2" tube using the silver 3/8" x 1" bolt.

Step 2

Place the assembled base & tube upright and screw the multi-purpose mounting plate onto the top of the tube using the black 3/8" x 1-1/2" bolt.
